WRE News: The Ritz-Carlton Residences Debut Boutique Waterfront Living in Fort Lauderdale Beach

Miami, FL – February 11, 2026 – A new chapter of luxury waterfront living is rising on Fort Lauderdale Beach: MAN INFRACONSTRUCTION LTD and Admire Capital have unveiled Ritz-Carlton Residences, a boutique dual-tower development set along one of the city's most coveted stretches between the Atlantic Ocean and Intracoastal Waterway.

Rising 13 stories at 551 Bayshore Drive, the project will feature just 83 private residences, with prices starting at $2.5 million. “Fort Lauderdale is having a genuine moment as a national luxury coastal market,” said Diana Ulis, CEO and Founder of Admire Capital, noting that the project blends design-forward living with the “distinctive luxury and service known of The Ritz-Carlton brand.”

Designed by Garciastromberg Studios with interiors by Dan Fink Studio, the limited collection includes two- and three-bedroom homes and six penthouses, many offering expansive terraces and sweeping water views. Thoughtfully crafted interiors feature wide-plank white oak floors, floor-to-ceiling glass doors, Sub-Zero and Wolf appliances, and spa-inspired primary suites, while select residences offer private elevator lobbies and rooftop terraces with plunge pools. Residents will enjoy lush gardens, dual pools, dock slips, a screening room, multi-sport simulator, and children’s playroom—alongside the brand’s legendary 24-hour concierge and valet service.

“Every residence was designed to take advantage of the light, views, and the openness that defines the city’s coastal experience,” said MICL Director Vatsal Shah, underscoring the project’s seamless connection to its waterfront setting.
